

Investor Online accessibility with Apple iOS 10

Since the release of Apple's new operating system iOS 10, some users have reported issues logging in and using Investor Online with iPads and iPhones.

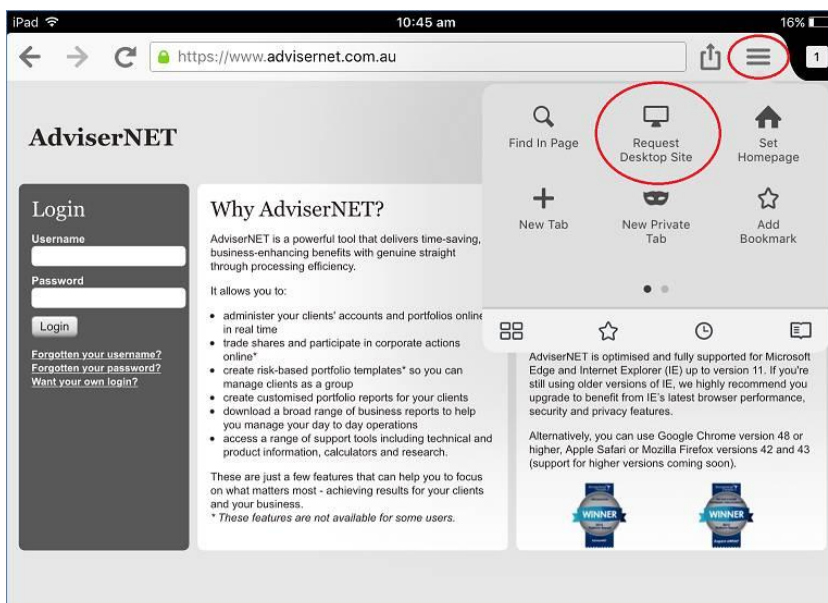

To avoid any issues ensure that the 'Request Desktop Site' option is selected from your browser settings before logging in.

Please see the below examples of where to find the 'Request Desktop Site' option for Safari, Firefox and Google Chrome.

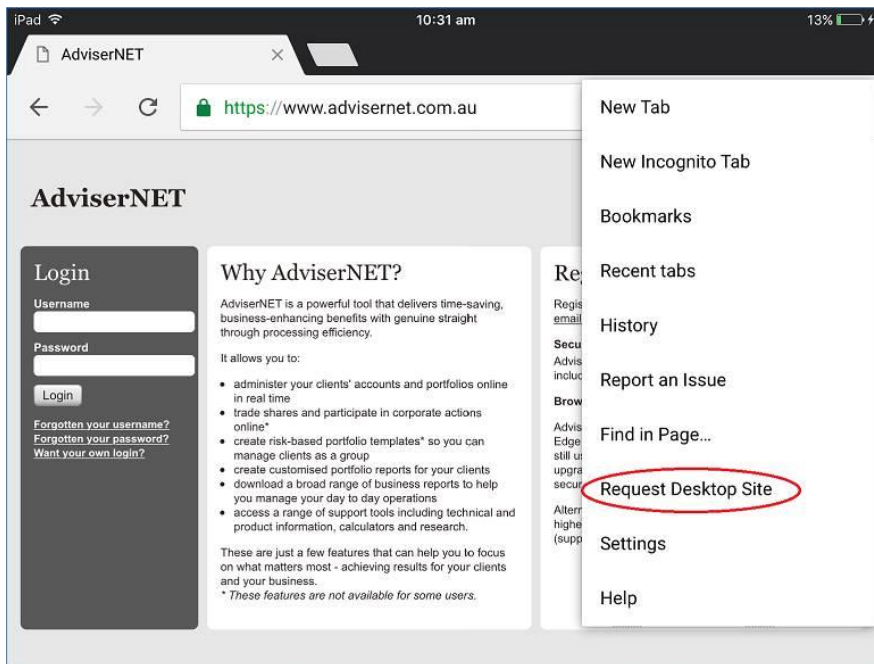

Safari -

Firefox -

Google Chrome-

If you have any questions or issues, please contact Investor Services on 1800 998 185.
